Brief description of Problem:

In March 2006 I was told that my application was stuck and 2 additional inquiries not produced results. The only thing that lacking to complete processing of my application is the FBI security/name check. Following that date my attorney made 2 inquiries in May and October and were told that the name check had not been completed.

I request your office help and assistance in facilitating completion of this last step to complete my application for permanent resident.

I am requesting assistance with a ☒ status check/ ☐ an expedite* from Congresswoman Anna G. Eshoo regarding my case currently pending with the BCIS and I hereby give her office authorization to contact the BCIS on my behalf.

Signature: A. CruzDate: 01/16/2007

*If you are requesting an expedite for your application, please enclose a separate letter with the request clearly stated and attach supporting documentation showing emergent need (i.e. note from physician).
